The **PIPE ORGAN ENCOUNTER** (POE) is an introduction to the pipe organ through instruction in organ playing, repertoire, history, design, and construction. These regional summer music camps for teenage participants provide private and group instruction in service playing and solo repertoire, opportunities to learn about the musical heritage of various religious denominations, and a chance for young musicians to meet others with similar interests. Piano or organ proficiency ranging from intermediate to advanced is required. Scholarship assistance is available.

The **POE Advanced** provides intermediate to advanced classes in areas such as organ literature, history, pipe organ construction and design, music theory, improvisation, conducting, and service playing for participants who have achieved a high level of success in organ study. Scholarship assistance is available.

The **POE Technical** is a program designed for participants who are interested in learning the art and craft of organ building. The event is hosted in the workshop of an organ builder working in cooperation with a local AGO chapter. Scholarship assistance is available.

Generous funding from the **Associated Pipe Organ Builders of America** (APOBA), the **American Institute of Organbuilders** (AIO), the **Jordan Organ Endowment**, and the **National Endowment for the Arts** will support these summer educational programs from coast to coast and abroad. Scholarship assistance is provided by the AGO New Organist Fund.

“The AGO and APOBA have enjoyed a mutually beneficial relationship since 1975,” declared AGO Executive Director James Thomashower. “Likewise, the AIO has been active in supporting the Guild’s educational programs, beginning with their partnership in *Pulling Out All the Stops*, a video produced jointly in 1996 by the AGO, AIO, APOBA, the Organ Historical Society, and the American Theater Organ Society and aired on PBS. In addition, we are delighted to receive support from the Jordan Organ Endowment at Columbus State University as well as a grant from the National Endowment for the Arts supporting our educational activities this year.” ■
