

Used music and other items for sale. Packing/handling: \$2.50 per package, plus postage. If paying with PayPal, 3% will be added to the total.

Ordering: please let me know what you would like to buy in an email. I operate on a first-come, first-served basis. All music is used unless noted. Normally the original owner's name is written on the cover. I rate the condition of the musical score; covers are sometimes slightly damaged even if the score is in relatively good shape:

New – prices are 25%-30% off the retail price

Excellent – like new. Might have writing on the cover

Very good – typically clean text or only lightly marked; could also have writing on the cover

Good – marked with other slight condition problems; could have writing on the cover; could have pages taped in to facilitate page turning; could be some minor cover damage or creasing

Fair – all of the above, plus other condition problems (creases or discolored covers for instance) and more heavily marked; faded; old; could be slightly musty.

Poor – all of the above, plus could be tattered, heavily marked; could be musty.

Old – items that you might find in your grandmother's attic. Sometimes these are rare, even first editions.

I am always interested in purchasing used organ music. If you have things that you are interested in selling, please contact me.
